

Protect your financial well-being

A Humana Life insurance plan helps protect your loved ones from financial worries if something happens to you. It provides a financial safety net to help pay for living expenses, medical or final expenses, and outstanding debts.

Why sign up for life insurance?

Financial safety net. If you're early in your career or don't have other life insurance, getting it through your company can provide a level of financial security for those who depend on you.

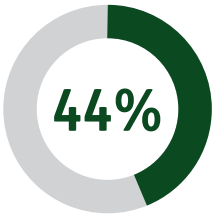

Cost savings. By choosing a life insurance policy offered by your company, it is typically a more affordable option than if you purchased on your own.

Convenient and easy enrollment. You can simply opt in when you're enrolling for other benefits. Plus, most companies offer payroll deduction for benefits, so you don't have to pay a separate bill.

Specially trained life service specialists handle claims personally and will guide families through the entire process so there's one less thing to worry about.

Life insurance ensures loved ones have financial protection when they need it most:

- Paying medical expenses, estate taxes and funeral bills
- Helping with a mortgage and other basic living costs
- Funding a child's education or paying for daycare expenses
- Supplementing retirement savings

Just 44% of Americans could cover an unplanned $1,000 expense, such as a car repair or medical bill, from savings.*
