How the Deductible & Max Out-of-Pocket Work

Simple explanation of how gap coverage helps reduce your responsibility.

Important: On this plan, the deductible and max out-of-pocket are the same number.

Individual

$9,000

Original deductible / max out-of-pocket

1. Gap coverage pays the first **$5,500**
2. Member is responsible for the next **$3,500**

Once the **$9,000** deductible / max out-of-pocket is reached, the member has met the plan limit.

Family

$18,000

Original deductible / max out-of-pocket

1. Gap coverage pays the first **$11,000**
2. Family is responsible for the next **$7,000**

Once the **$18,000** deductible / max out-of-pocket is reached, the family has met the plan limit.
